2020 RECAP

Wow! 2020 has been an unexpected year for all of us. The great news is that it did not catch God by surprise and He has been moving throughout the year. It is difficult to capture all that God has done in just a few lines, but since so many of you have been separated from your church family this year, we wanted to give you a snapshot of how God has worked in and through Marshall Road in 2020.

God truly multiplied our impact and reach in 2020.

What will God do in 2021...?

We believe that 2021 is going to be the year of engagement!

We are going to see:

more people move out of a spectating role and get fully plugged in and engaged with what God wants to do in and through their lives.

more people connecting with God as they accept Him as Lord and Savior.

more people connecting with other believers through our Connect groups.

more people stepping up and discovering their place to Serve in ministry at Marshall Road.

more people becoming intentional about Sharing the good news of Jesus and what a difference He has made in our own lives!

I am so excited about what God is up to at Marshall Road!
Get ready!

Thank you for your faithful giving!
Your offerings make all of this possible!
